SKILLS

- **Languages:** C, C++, Python, JavaScript
- **Technologies:** HTML, CSS
- **Databases/Tools:** MySQL, Git, GitHub
- **Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability, Logical Thinking

PROJECTS

Portfolio

Aug 2026

- Designed and developed a fully responsive personal portfolio website using **HTML5, CSS3, and JavaScript** to showcase technical projects, academic achievements, and software development skills.
- Implemented modern web design principles—including CSS Flexbox/Grid and custom animations—to ensure seamless cross-device compatibility and an interactive user experience.
- Deployed the application utilizing **Vercel** with continuous integration linked to a GitHub repository, ensuring rapid content updates and optimal page load performance.
- **Tech Stack:** HTML5, CSS3, JavaScript, Git, GitHub

Cyber Complaint Reporting System

Apr 2026 - May 2026

- Designed a responsive web interface using **HTML5, CSS3, and JavaScript** for victims to securely submit incident details, upload evidence, and receive unique tracking IDs.
- Architected a relational **MySQL** database schema to store encrypted user records, complaints, and administrative logs with indexed queries.
- Implemented client-side and server-side input validation to prevent SQL injection and sanitize input fields before database storage.
- **Tech Stack:** HTML5, CSS3, JavaScript, MySQL, Git, GitHub

IoT Smart Home Controller

Nov 2025 - Dec 2025

- Engineered a low-latency smart home automation system utilizing ESP32 microcontrollers and Arduino Cloud APIs to facilitate real-time device management.
- Configured a responsive, cloud-based web dashboard allowing users to remotely monitor and control multiple lighting fixtures with high reliability.
- **Tech Stack:** C, ESP32, Arduino Cloud

CERTIFICATES

- Community Development Project | Times Foundation Aug 2026
- Computer Programming | Lovely Professional University May 2026
- Python Programming | Skill India Jan 2025

ACHIEVEMENTS

- Solved 200+ programming problems on online coding platforms during regular practice and learning.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
• *Bachelor of Technology - Computer Science and Engineering; CGPA: 8.30* Aug 2025 - Present
- **L. Vitthalraoji Shinde Arts & Science Higher Secondary School** Madha, Maharashtra
• *Higher Secondary Education; Percentage: 85.1%* May 2020 - Mar 2022
- **Pooja Public English School** Nanded, Maharashtra
• *Secondary Education; Percentage: 91.82%* Jun 2019 - Mar 2020
